PRESIDENT'S MESSAGE

Once again the cream of Australia's young soccer players have gathered to compete for the title of National Champions in their respective age groups. This year sees the extension of the upper age limit to U/18 to accommodate the pressure from U/15 graduates and to provide maximum opportunities for these players to develop before entering open competition.

The Talent Identification Scheme evolved from an intercity competition (Sydney v Brisbane) which commenced in Brisbane and now boasts seven teams in U/18 and four U/15 which is quite an impressive advance.

AWSA congratulates the SQWSA on their initiative and achievements in developing their headquarters at Atlanta Field and in organising the third combined Youth Titles.

May all participants enjoy fine weather, sportsmanship and good soccer.

Elaine Watson

President - AWSA

EXECUTIVE DIRECTOR'S MESSAGE

The third combined under 15/under 18 Talent Identification Tournament should prove to be an exciting event for all players and officials concerned.

Last years Championships, which were played in Sydney, were closely contested and given the increase in age qualification to under 18 this years tournament will be equally as tough.

As most of you will be aware, the Australian Women's Soccer Association was able to provide its young players with prestigious international competition in 1987. The "Young Aussies" competed in the Dallas Cup in Texas during April and performed very well against strong and experienced teams. The Australians were beaten in the semi-final by Dallas Sting who eventually won the Cup by defeating Dallas Gunners, 3-2.

The program of development for all national players is based on providing national squads with regular training camps and international competition. It is proposed that the youth squad will participate in an Australian Institute of Sport training camp in April 1988 and those players may have an opportunity to complete a Level 1 coaching course at the same time.

The participation of all players in the under 15/under 18 championships is a major link in the development of women's soccer in Australia and to Australia's standing on the international soccer scene. You should all be proud to be associated with that development and in return you should aim for excellence in the sport that you represent - SOCCER!!!

Best wishes to the organisers of the Talent Identification and let's hope for good friendship and strong competition among the players.

Heather Reid

SOUTH QUEENSLAND WOMENS SOCCER ASSOCIATION PRESIDENT'S WELCOME

On behalf of the SQWSA I welcome you to Queensland's home of Women's Soccer, Atlanta Field.

We anticipate a full week of entertaining and competitive soccer between the best of the States' Representatives, which will, at the same time, foster closer friendships between all participants.

A lot of work and expense has gone into establishing our grounds and facilities in a hope to provide a good basis for the future development of Women's Soccer both Australian and Queensland's.

To our past President, the Association thanks you for your efforts in establishing our home foundations, and to my present Executive, thank you for your dedication to our sport. To all participants, enjoy your stay in Brisbane and best of luck in achieving your goal, Title Winners.

Lynne Wenban

President - SQWSA
